## WINDOW WORK ENHANCES CONFERENCE ROOM INSIDE AND OUT

Thanks to Lowell Reynolds, our go-to guy on staff here, and Ivan Young of Guilford Glass & Mirror for installing new glass panes in our conference room windows recently. Those particular, west-facing windows are more vulnerable to damage than any other windows in the building. So Lowell and Ivan meticulously sealed every nook and cranny at the window borders, inside and out, to further weatherproof our conference room.

Another big benefit of the new, tightly sealed windows is that they block traffic noise and outside disruptions.

This window upgrade is part of Hallimar Properties' ongoing improvement and repair program at The Guilford Building.

**THE GUILFORD BUILDING WILL BE CLOSED ON MONDAY, MAY 28  
IN OBSERVANCE OF MEMORIAL DAY.**
