

# THE GUILFORD BUILDING NEWS

*in its 21<sup>st</sup> year of publication*

*Attorney Jeffrey Jones is enjoying the view from his new 10th floor office.*

## PICKUP PARKING IN OUR LOT

If you are parking a pickup truck, especially a large pickup, in The Guilford Building Parking Lot, please make sure that your parking permit is visible to a person checking your vehicle. Our parking monitors often cannot see a permit in a pickup with a high or darkened windshield. Try taping or otherwise attaching your permit to an inside, lower part of your windshield to avoid getting towed by mistake.

## WE'RE GETTING NEW ELEVATORS

It's called Elevator Modernization, and it means installing or retrofitting new equipment throughout an elevator to make it more reliable, eco-efficient, comfortable, and attractive in appearance. Hallimar Properties is starting the process of modernization for both of the lobby elevators now.

The modernization is planned in two parts:

- \* A 14-16 week engineering, manufacturing, and transport period starting about mid-July. This work will be performed outside The Guilford Building. We will continue to use one elevator during this period.
- \* Construction and installation of the new elevators in our building usually lasting about 5 days per floor. This will be a fall project.

As we move through this process, The Guilford Building Staff and Management will provide continuous updates, access, and guidance. Watch this newsletter for ongoing news reports about the elevators.

**THE FIRE STAIR DOORS WILL REMAIN UNLOCKED DURING ELEVATOR MODERNIZATION.**

The Guilford Building will be closed on Thursday, July 4th 2019, in Celebration of Independence Day.
