

DEBORAH WEBSTER SEMI-RETIRING TO FLORIDA

“Coming to The Guilford Building was one of the best moves I ever made,” Deborah Webster said recently. But now Deborah wants some time in the sun and the chance to play golf and tennis and maybe take up pickle ball without constant work demands pushing on her.

Deborah has run her business called Webster & Associates from office 508-509 since 1993. Her firm is a distributor of medical and laboratory equipment, furniture, and supplies. The U.S. Navy has been her major customer for years as well as various federal and state agencies and colleges and

schools. Because Webster & Associates is a small, woman-owned business, it is on set-aside lists that brought Deborah a stream of requests for bids. Her work schedule often was intense during her years at The Guilford Building.

With Florida beckoning, Deborah has sold her house of 29 years, and she is all packed up to go south to Lakewood Ranch, Sarasota. Deborah is just one example of many entrepreneurs who have succeeded here, and we thank her for all she has contributed to our building and to our community.
