CARL JARRELL JOINS STAFF

"I'll give it a try," Carl told us when we asked him to take a security and maintenance job at The Guilford Building last December. He liked the people here right away, and recently he agreed to join our staff permanently.

We like Carl because he is helpful and knows how to do many things. He used to work in construction, so he understands buildings and the care they require. He's also good with cars and trucks. Having trouble getting your car started? Carl probably can help.

Carl starts his daily shift at noon and leaves at 7 p.m. He stays in the lobby until about 6 p.m. and makes sure that late afternoon visitors get into the building and up to their appointments. Then he locks the front doors for safety reasons and starts his rounds throughout the building. Keep Carl's phone number handy and let him know if you are expecting guests after 6 p.m. He'll make himself available in the lobby to admit after-six arrivals.

MOMENT IN HISTORY

Twenty-nine years ago in February 1993, four members of a local family – Raymond Holliman, Diana and Bob Poston, and Linnie Vickrey – pooled their resources and purchased The Guilford Building from Guilford County. The front doors were chained shut and padlocked. Inside, the building was filled with cobwebs and debris. The new owners were not deterred. They cut the chain on the front doors and opened them wide to a new beginning.

Not sure how to operate the front door after hours? Ask Karen or Carl at the lobby desk for a demonstration of how to use your front door key to enter the building and how to release the magnetic lock to exit.
